

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE  
CERTIFICATES OF CORRECTION BRANCH

Inventor(s): Bast

Patent No.: 7,446,698

Application No: 10/589,880

Issue Date: Nov. 4, 2008

Title: PULSE-CODED REMOTE CALIBRATION OF AN ACTIVE PHASED ARRAY  
SYSTEM

**REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR 1.323**

Commissioner of Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicant hereby requests issuance of a Certificate of Correction pursuant to 37 CFR 1.323 as shown on the attached form PTO-1050.

The correction requested herein is the result of a clerical error in related International Application PCT/EP2004/002569. The error ("first" instead of "second" at line 22 of claim 1 of the PCT published application, which is of PTO record as the specification for this patent) is a clerical error.

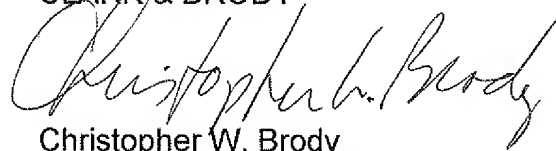

Step (ii) of the method of claim 1 comprises emitting a first pulse train and receiving a second pulse train. Therefore, the sentence "a pattern that changes during the reception of said first pulse train" is clearly erroneous: only reception of the second pulse train has antecedent.

This is also supported by the specification, page 12, line 27 through page 13, line 10.

Accordingly, issuance of the certificate is respectfully requested.

Please charge the Certificate of Correction fee (\$100.00) and any fee deficiency or credit any overpayment to Deposit Account No. 50-1088.

Respectfully requested,  
CLARK & BRODY

A handwritten signature in cursive script, reading "Christopher W. Brody".
